

HAROUN BEN AMEUR

Software Engineer

📍 Sousse, Tunisia 📞 +216 92 652 502 ✉ harounbam@gmail.com 🌐 haroun-ben-ameur 🗣 haroun-Benameur 🌐 Portfolio

Profile

Software Engineer specialized in **Full-Stack development** and **Artificial Intelligence**. Hands-on experience designing web applications and integrating AI solutions (LLM, RAG, agents), from design to deployment.

Experience

AI Instructor – GoMyCode Maghreb September 2026 – Present

Technologies: Python, LangChain, LLM, RAG, MCP, Docker, CI/CD, Azure, Linux, Prometheus, Grafana
Description: Training covering web development/Python foundations and an advanced track in **AI** (prompt engineering, LLM agents, RAG, MCP, deployment, risk management) and **DevOps** (Linux, Docker, CI/CD, Azure, monitoring).

Final Year Internship – Fullstack & AI Developer – Talan Tunisia February – June 2026

Technologies: Spring Boot, FastAPI, React, TypeScript, PostgreSQL, Redis, Kafka, WebSocket, Docker, Jenkins, Azure, LangGraph, LangChain, FinBERT, Prometheus, Grafana
Description: Designed and developed an intelligent financial investment platform (*SmartInvest*) enabling market data analysis, portfolio tracking, financial news sentiment analysis, trend prediction, and automatic analytical report generation.

Internship – AI & Data Backend Developer – Proxym-IT July 2025

Technologies: Python, LangChain, Django, Elasticsearch, Kibana, Google Gemini
Description: FSD file analysis platform with automatic test case generation through a **RAG** pipeline (semantic indexing in Elasticsearch, Gemini embeddings).

Internship – Data Engineering Backend Developer – Proxym-IT August 2024

Technologies: Git, Elasticsearch, Kibana, Python, Cohere
Description: GitHub/Elasticsearch integration with fuzzy queries for statistical analysis of project progress and enhanced semantic search.

Projects

IssatSo – Classroom Reservation Management
Technologies: React, Bootstrap, Redux, Spring Boot, PostgreSQL, WebSockets
Description: Classroom reservation app for department heads with real-time notifications.

SmartPath – Intelligent Learning Platform
Technologies: Next.js, Tailwind CSS, Django REST, WebSockets, LiveKit, Deepgram, Cerebras LLM
Description: Educational platform with AI chatbots and voice tutors, real-time speech recognition and text generation.

CarCare App – Automotive Appointment Scheduling
Technologies: React, Redux, Django, PostgreSQL
Description: Service booking for automotive dealerships with time-slot management.

PFE App – Classroom Distribution System
Technologies: React, Python, Django, Genetic Algorithm, Redux
Description: Optimized thesis-defense room allocation based on availability and constraints.

Brain Tumor Detection – Computer Vision Project
Technologies: Python, TensorFlow, Keras, OpenCV, NumPy
Description: Automatic brain tumor detection from MRI images using CNN and MobileNetV2.

HireSphere – Employment Platform
Technologies: React.js, Node.js, Express.js, MongoDB
Description: Recruitment platform: job postings, applications, and hiring process tracking.

Education

Software Engineering Program – ISSAT Sousse September 2021– July 2026
Baccalaureate in Technical Sciences, High Honors – Mahmoud Mesaadi High School, Nabeul 2021

Technical Skills

- **Languages:** JavaScript, TypeScript, Python, Java, SQL
- **Frameworks:** React, Angular, Next.js, Spring Boot, Django, FastAPI, Express.js
- **AI & Data:** LangChain, LangGraph, RAG, LLM, FinBERT, TensorFlow, Keras, OpenCV, Pandas, NumPy
- **Databases & Search:** PostgreSQL, MySQL, MongoDB, Elasticsearch
- **DevOps & Monitoring:** Docker, AWS, Azure, Jenkins, CI/CD, Linux, Prometheus, Grafana, Kafka, WebSocket

- **Tools:** Git, GitHub, Postman

Certifications

Building LLM Applications with Prompt Engineering – NVIDIA	2025
Deep Learning Certificate – NVIDIA	2025
Advanced Fullstack Web Development (MERN) – Orange Digital Center	2025

Associative Experience

- **Vice President** – NATEG ISSATSO (North American Tunisian Engineers Group)
- **Member** – ONET (National Organization for Children in Tunisia)

Personal Skills

Public speaking, adaptability and fast learning, teamwork and leadership.

Languages

- Arabic: Fluent
- French: Advanced
- English: Intermediate
- Spanish: Beginner
